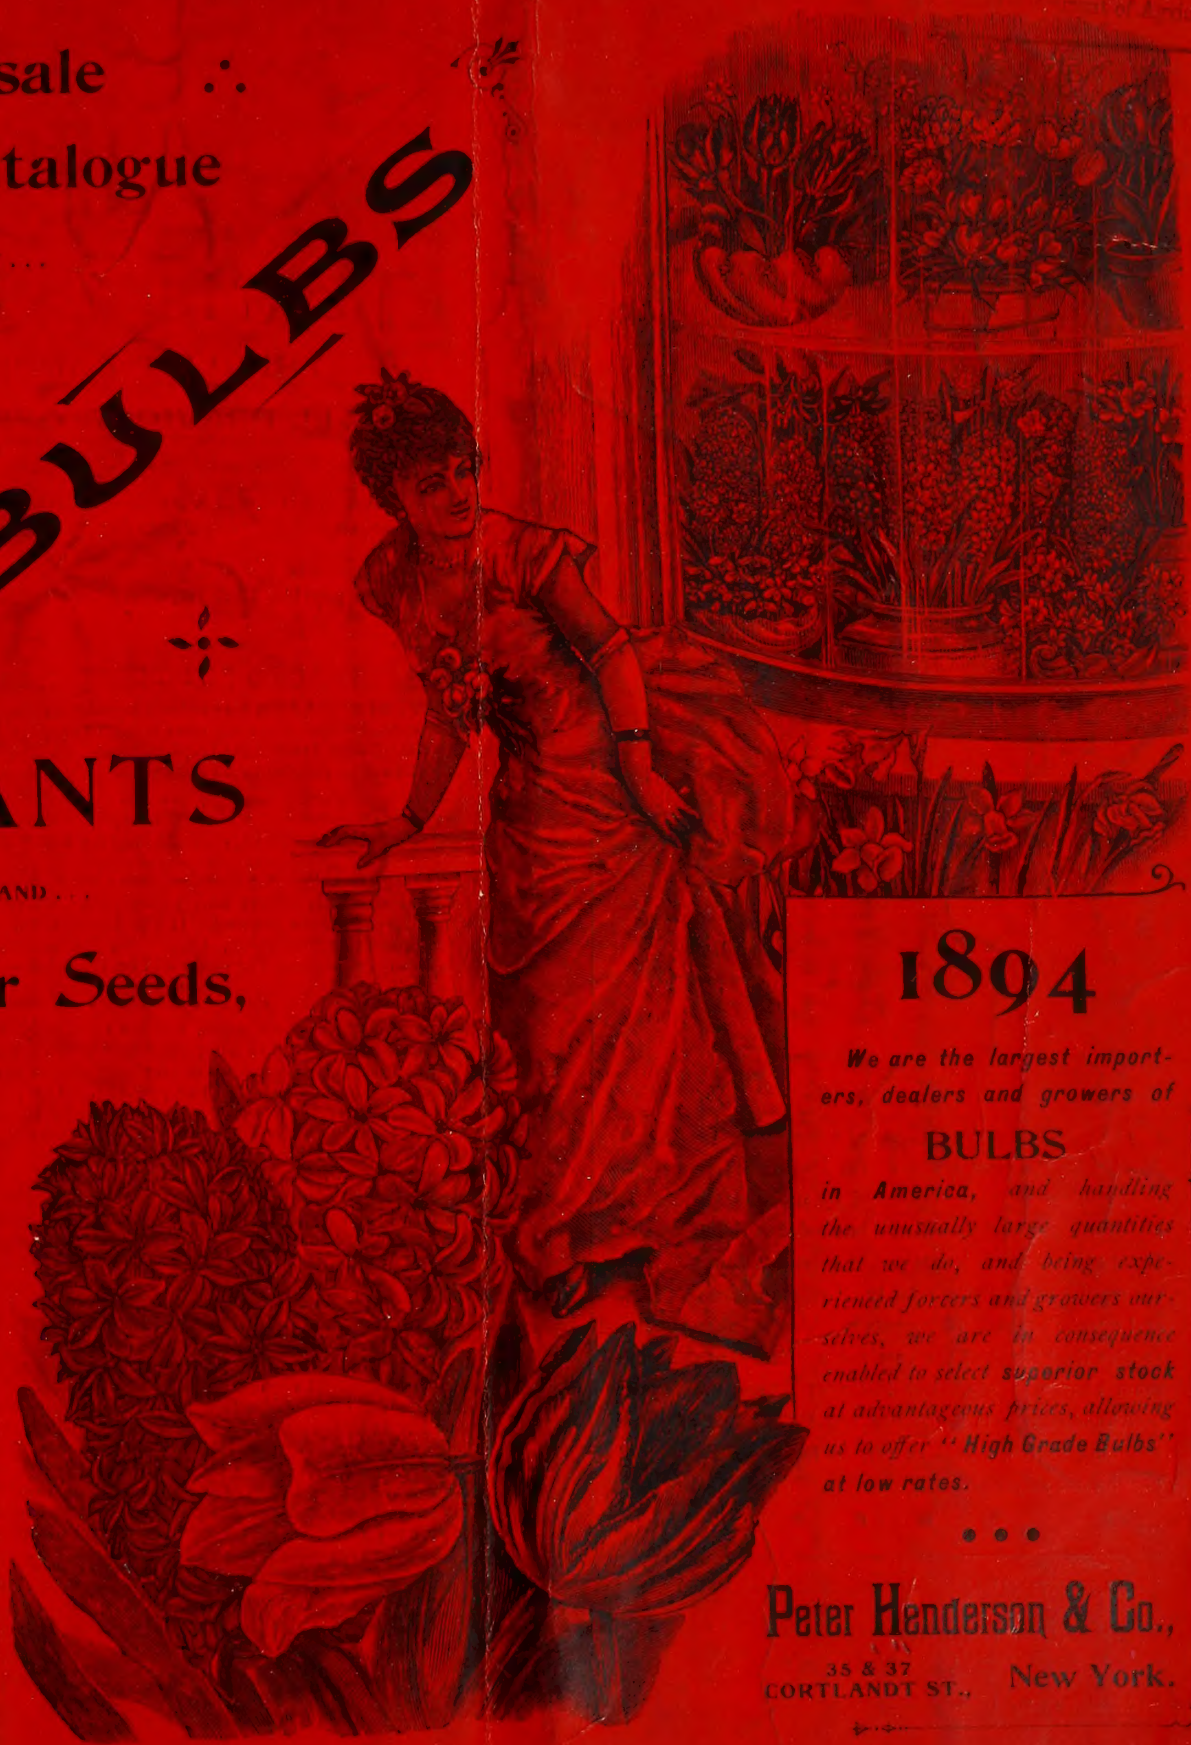
AUTUMN PLANTING.



1894

We are the largest importers, dealers and growers of

Lower Express Rates
ON PLANTS.

Under the new ruling of the leading Express Companies, **advocated** and secured by us, plants packed in closed boxes or baskets will now be carried at the "**General Special**" rate. This rate means a reduction of 20% from the regular merchandise rates to all points where no "General Special" exists. Shipments weighing less than 100 lbs. receive the benefit of the rate per 100 lbs., but the minimum charge is 35c. For instance; where the regular merchandise rate is $4.00 per 100 lbs., a box of plants weighing 25 lbs. would be carried for 80c.—a saving of 20c. on one shipment.

CONDITIONS OF SALE OF PLANTS.

All plants sent by express, unless specially ordered otherwise. We guarantee safe arrival of all plants sent by express. If wanted by mail, we will send them at an advance of one fourth over the prices quoted. We make no charge for boxes, baskets or packing. The plants are offered in this list at the rates quoted per 100, *provided*, (except where they are offered singly), *that not less than FIVE of each class or variety are taken*, nor in less amounts than *three dollars for the total value of the order*. The varieties must be our own selection of sorts, *unless otherwise offered*. Any one wanting varieties of special kinds, can order from our Retail Descriptive Catalogue, (The Manual of Everything for the Garden,) but at retail rates, from which we allow a discount of one-third. **We allow a discount of one-third from our retail catalogue on plants not offered in this list.**

PLANT DEPARTMENT.

Our greenhouses and frames cover nearly four and one half acres solid in glass, unquestionably the most extensive on this continent. These structures are so arranged that they can be graded to any temperature, so the most perfect health and vigor are given to the plants, and with such unequaled facilities for their production, it will be quickly seen that we can compete with any in the matter of prices, quality of stock considered.

CORRESPONDENCE, ADVICE, CTC.

We are always glad to give any information in our power to our customers on any subject pertaining to our business, but to avoid error, this should always be written on separate paper to that used for orders.

Oxalis, Bermuda Buttercup			
This is one of the finest winter-flowering plants for pot culture that we have ever seen; it is such a strong, luxuriant grower that one bulb will be sufficient for a 6 or 8 inch pot. The flowers are of the purest bright buttercup yellow. Well grown plants have produced as high as seventy flower stems at one time, and over 1,000 flowers in one season. Properly treated, the plants will flower in six weeks from the time the bulbs are planted...	75	5 00

Roses from Open Ground.

All on their own roots. (*Ready Oct. 15th.*)

We have a splendid lot of two year old Roses in the open ground, all on their own roots, which ought to give a good crop of bloom next season. This offer holds good until the plants are stored for winter. Price, $10.00 per 100.

"Gen. Jacqueminot" Now known everywhere. The best, perhaps, of all Roses of the Hybrid Perpetual class. Hundreds of thousands of feet of glass are exclusively devoted to this one variety. Color, rich crimson; of fine shape and exquisite fragrance. This grand old variety holds its own against all new-comers, and is undoubtedly the finest hardy Rose of its color.

La France. Flowers large and beautiful, either in the bud form or when expanded; peach blossom color, shaded pink and silvery rose. In addition to this, it is very free blooming, every shoot forming a beautiful flower, it is also entirely hardy with a slight protection of leaves, and most deliciously fragrant.

Dinsmore. This grand dark red Rose is entirely hardy and ever-blooming, unquestionably the finest in its class or color. This Rose, since we first issued it, has been growing steadily in popularity.

Summer Queen. A perfectly hardy Rose, and the most prolific in our experience, small plants a few inches high being covered with flowers. As many as 1,200 flowers have been cut from a single well established plant. Since we offered this rose our customers in various sections continue to report wonderful results from it.

Mrs. Degraw. Perfectly hardy and ever blooming, a strong vigorous grower. Worthy of a place in every collection.

Prince C de Rohan. Large and full, perfect form and richest fragrance; dark crimson.

Clothilde Soupert. This grand Rose is invaluable for bedding. The color is a French white, deepening to rosy blush in the centre, exceeding in distinctness of shadings the well-known Malmaison. Its greatest value lies in its compact, vigorous habit and wonderful profusion of bloom even the smallest plants being literally covered with flowers. The form and substance of the flowers are so perfect that the hottest weather does not cause a deterioration of either, so that even in midsummer a bouquet of splendid buds and open flowers can be obtained from this fine variety

Hermosa. This grand pink bedding Rose is most prolific in blooming, and is almost entirely hardy, many plants of it having lived out for years in the New York cemeteries.

Agrippina. Second only to the above in hardiness and profusion of bloom. Color, rich shade of crimson.

Duke of Edinburg. Dark crimson.
Caprice Deep pink, striped white.
Mme. Schwaller. Rosy pink.
Duchess of Albany. Deep rose.
Magna Charta. Deep rose.

Price for any of the above, $10.00 per 100.

Special Low Offer of Roses.

Nearly all our Roses are propagated during the summer months, so that by September and all through the fall and winter months, we have specially strong young stuff, grown in 3 in. pots, which have twice the value of the ordinary 2 inch stock—of these we can offer a dozen of the leading kinds suitable to pot up for spring sales, such as **Hermosa, Agrippina, Malmaison, Marie Guillot, Mrs. Degraw, Safrano**, and other standard sorts at $6.00 per 100, or $50.00 per 1000. Plants from 2 in. pots, $5.00 per 100; $40.00 per 1000. We catalogue over 100 sorts, which we can sell at the same rates, but florists will find it to their advantage to buy only the standard well-known market sorts.

$1.00 per dozen; $6.00 per 100.

AMPELOPSIS VEITCHII.

Sometimes called "Boston Ivy" and "Japan Ivy."

No picture can portray the beauty of this grand climbing plant. As an important aid to architectural beauty it is rapidly attaining prominence, being now a feature on the finest houses – notably the palatial residence corner 57th Street and 5th Avenue, New York City. Another fine example of it is seen on Grace Church, in New York, while on Commonwealth Avenue, in Boston, there are hundreds of the finest houses covered with it from foundation to roof. It is adapted to all situations, and transforms the humblest cottage. It is entirely hardy in the most exposed places, attaining a height of 20 to 30 feet in two or three years, clinging to stones, brick or wood work with the greatest tenacity. It is a great protection to houses, as the leaves lapping over each other like slates on a roof effectually prevent rain from penetrating the walls. For covering dead trees, gate posts, boundary walls, verandas, etc., it has no equal, while its rapid growth and tenacious clinging qualities make it a most desirable plant for staying up terraces. In the summer the foliage is a rich shade of green, but in fall it assumes the most gorgeous tints of *scarlet, crimson* and *orange*, so dazzling as to be seen at a great distance. We sold over 50,000 plants of this the past season, a large proportion of which were used on churches and public buildings, Price, $10.00 per 100.

ABUTILONS.

SWORD FERN.

(*Nephrolepsis Exaltata.*)

In well-grown specimens the fronds attain a length of six or seven feet but only one to three inches wide, and like plumes arching over in every direction, in a most graceful manner. This beautiful Fern is excellent for outside planting in shady borders. It is a very fine plant for hanging pots or baskets on the piazza in summer and conservatory or window in winter. Our cut conveys but a very poor idea of its gracefulness and beauty. Price, $8.00 per 100.
